

**Amendments to the Abstract**

Replace the abstract with the following replacement abstract:

~~The invention relates to a~~ A lighter~~[[,]] comprising~~ has  
a housing ~~(3)~~ with a fuel tank ~~(2)~~, a lighter head ~~(4)~~ with a  
burner device, ~~(6)~~ and an ignition device ~~(7)~~. The fuel ~~(5)~~ in the  
fuel tank ~~(2)~~ is embodied such that information, provided on an  
information support ~~(9)~~ arranged in the fuel tank ~~(2)~~, is ~~firstly~~  
initially hidden by the fuel ~~(5)~~ and is gradually made visible on  
use of the fuel ~~(5)~~.

For the examiner's convenience, a clean text version of the replacement abstract (57 words) is presented below:

A lighter has a housing with a fuel tank, a lighter head with a burner device, and an ignition device. The fuel in the fuel tank is embodied such that information, provided on an information support arranged in the fuel tank, is initially hidden by the fuel and is gradually made visible on use of the fuel.
